

Final Recipe [META]

1. All of your words contain a special ingredient, ☆. Save this for now.
2. Remove all words less than 4 letters.
3. Remove ☆ from one ingredient to obtain a new ingredient.
4. If any of your ingredients have more than one word, replace them with the number of words in them.
5. Remove ☆ from another ingredient to obtain a reason you might not be able to get into an MIT building. Keep only the first word.
6. Replace two ingredients with their opposites.
7. Replace an ingredient with its 3-letter acronym and insert the first part of ☆.
8. Replace an ingredient with a version you might hear in Congress.
9. Replace an ingredient with what it's short for.
10. Replace one letter of an ingredient to obtain a playing card.
11. Add a letter and the last part of ☆ to the front of one ingredient to get a new one.
12. Replace three ingredients with homophones.
13. Take a 4-letter substring of the longest ingredient to obtain someone you might see at MIT.
14. Add the second part of ☆ to the ingredient from the previous step to obtain something you might see that someone produce.
15. Replace a contraction with the first word in the contraction.
16. Add the time zone you will be in next fall to the second-smallest ingredient.
17. Prepend a color containing the third part of ☆ to one ingredient to obtain a type of food item. Keep that type of food item.
18. Remove from an ingredient a previous version of the same ingredient.
19. Replace the shortest ingredient with a word of the same length.

Take what you made and enjoy!
