

MIT Sudoku Open 2026

Individual Round 4 **45 Minutes – 1000 Points**

4.1.1	Extra Regions Sudoku (6x6).....	20 Points	✓		X
4.1.2	Diagonal Sudoku (6x6).....	20 Points	✓		X
4.1.3	Renban Sudoku (6x6)	20 Points	✓		X
4.1.4	Parity Regions Sudoku (6x6).....	20 Points	✓		X
4.2.1	Irregular Sudoku.....	70 Points	✓	___	X
4.2.2	Scattered Sudoku.....	50 Points	✓	___	X
4.2.3	Sudo-Kurve.....	30 Points	✓		X
4.2.4	Toroidal Sudoku.....	110 Points	✓	___	X
4.3.1	Killer Sudoku.....	60 Points	✓	___	X
4.3.2	Arrow Sudoku	100 Points	✓	___	X
4.3.3	X-Sums Sudoku.....	110 Points	✓	___	X
4.3.4	Mathrax Sudoku	110 Points	✓	___	X
4.4.1	Consecutive Pairs Sudoku.....	50 Points	✓	___	X
4.4.2	Kropki Pairs Sudoku	70 Points	✓	___	X
4.4.3	XV Pairs Sudoku.....	60 Points	✓	___	X
4.4.4	Inequality Sudoku	90 Points	✓	___	X

Total

Name: _____

Division:

☐ Beginner

☐ Experienced

4.1.1: Extra Regions Sudoku (6x6) (20 points)

Rules: Classic Sudoku rules apply. Each orthogonally connected shaded region contains the digits 1-6.

				6	A1
	D1			3	
			6		
		2			
	1			D2	
A2	3				

4.1.2: Diagonal Sudoku (6x6) (20 points)

Rules: Classic Sudoku rules apply. Each diagonal contains the digits 1-6.

		1	B2		
2				1	A2
A1	6				3
		B1	5		

4.1.3: Renban Sudoku (6x6) (20 points)

Rules: Classic Sudoku rules apply. Each grey region contains a set of consecutive digits, with no constraint on order.

				5	
5					
	C1	B1			
			B2	C2	
					4
	6				

4.1.4: Parity Regions Sudoku (6x6) (20 points)

Rules: Classic Sudoku rules apply. Each grey region contains digits of the same parity.

				2	3
				C2	1
D1					
					D2
3	C1				
1	2				

4.2.1: Irregular Sudoku (80 points)

Rules: Classic Sudoku rules apply, except that each region is irregular shaped.

					8			
		3			5			D2
					2		6	A2
4	5	6						
				1				
						1	2	3
A1	2		8					
D1			5			7		
			1					

4.2.2: Scattered Sudoku (50 points)

Rules: Irregular Sudoku rules apply, with the 9 shaded cells forming an additional 9-cell region.

	8			B1			2	
5								9
A2								
			1	2	3			
			4		5			
			6	7	8			
								A1
2								4
	7			B2			9	

4.2.3: Sudo-Kurve (30 points)

Rules: Classic Sudoku rules apply for the five 3x3 regions, three full columns, three full rows, and four bent "rows".

				8				
			2		6			
		3	B2			7		
	2	C1		4		C2	5	
		5			B1	8		
			9		7			
				1				

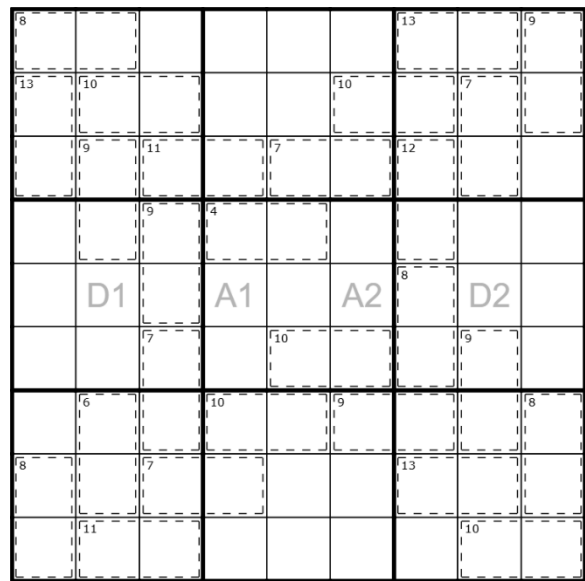

4.2.4: Toroidal Sudoku (110 points)

Rules: Irregular Sudoku rules apply, except that some outlined regions wrap around the top/bottom and left/right.

6	8							D2
4	3							
						9	7	C2
			1		7			
C1	5	8						
							9	1
D1							5	2

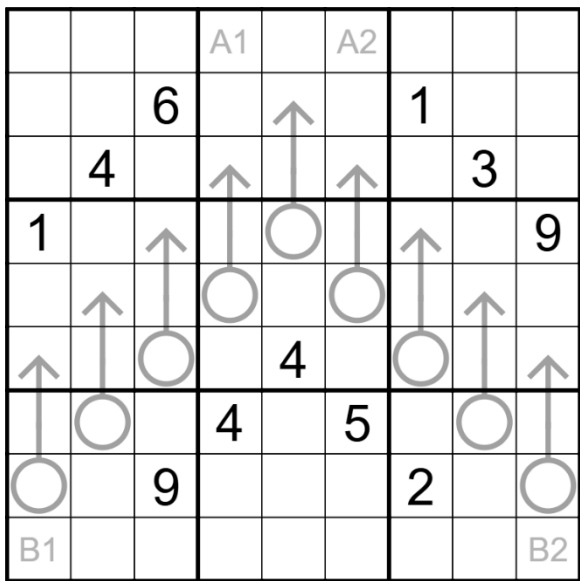

4.3.1: Killer Sudoku (60 points)

Rules: Classic Sudoku rules apply. The sum of numbers in each cage equals the value given in the upper-left corner of that cage, and numbers cannot repeat inside a cage.

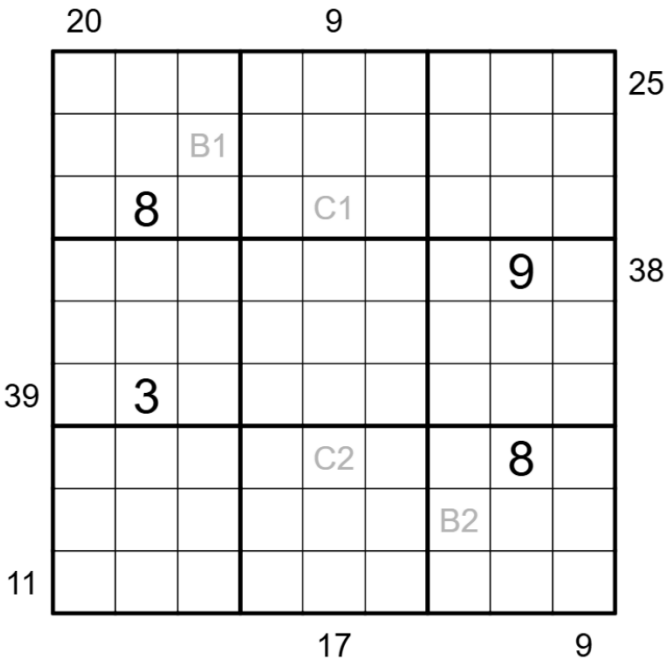

4.3.2: Arrow Sudoku (100 points)

Rules: Classic Sudoku rules apply. The sum of numbers along the path of each arrow must equal the number in the circled cell. Numbers can repeat within an arrow shape.

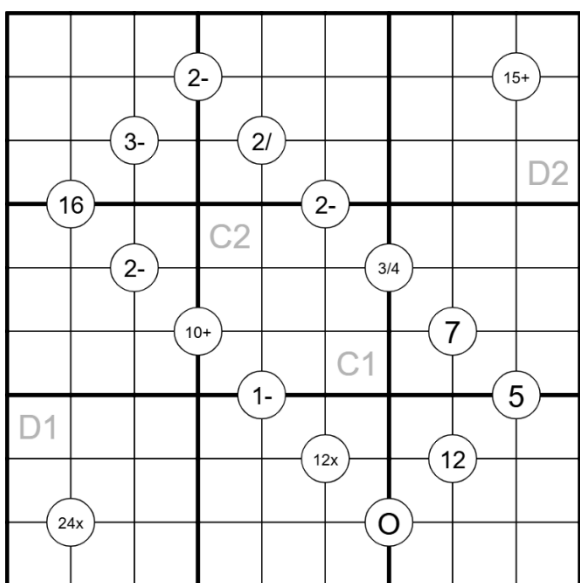

4.3.3: X-Sums Sudoku (110 points)

Rules: Classic Sudoku rules apply. Each number outside the grid is the sum of the first N numbers placed in the corresponding direction, where N is equal to the first number placed in that direction.

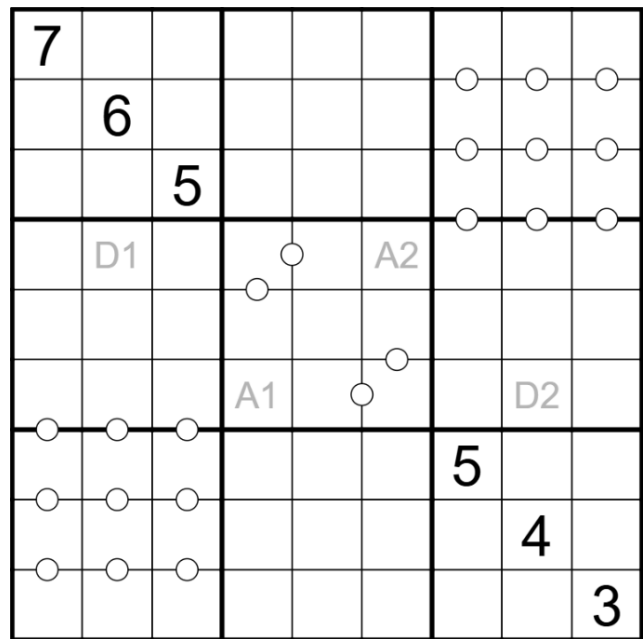

4.3.4: Mathrax Sudoku (110 points)

Rules: Classic Sudoku rules apply. Some intersections are marked by a number and maybe an operator (+, -, x, /) in a circle. The number is the result of the operation, applied to both pairs of diagonally opposite cells. An "E" or "O" in the circle indicates that all four adjacent digits are even or odd respectively. If no operator is given, diagonally opposite cells may use any operation to reach the number in the circle.

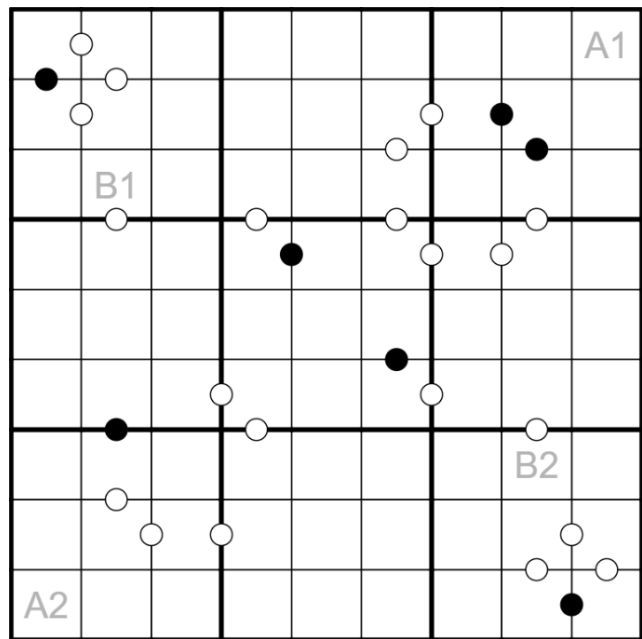

4.4.1: Consecutive Pairs Sudoku (50 points)

Rules: Classic Sudoku rules apply. Cells separated by a circle are consecutive. Not all circles are marked.

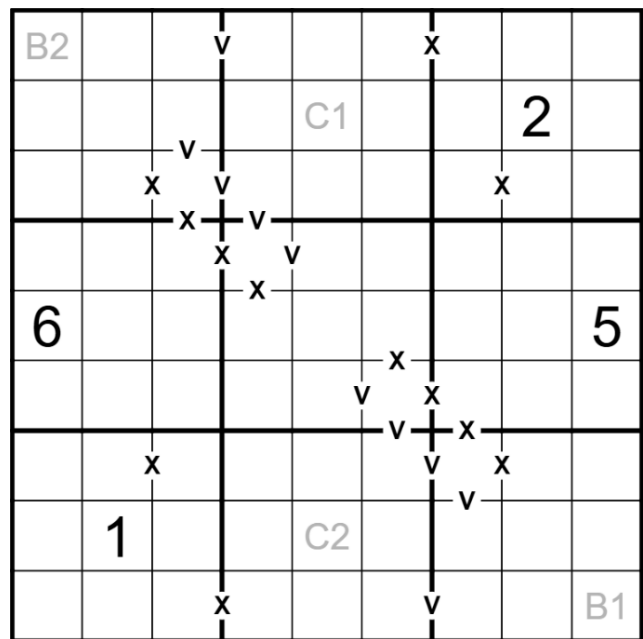

4.4.2: Kropki Pairs Sudoku (70 points)

Rules: Classic Sudoku rules apply. Cells separated by a white circle are consecutive. Cells separated by a black circle form a 1:2 ratio. Not all circles are marked.

4.4.3: XV Pairs Sudoku (60 points)

Rules: Classic Sudoku rules apply. Cells separated by a “V” sum to 5. Cells separated by an “X” sum to 10. Not all “V”s or “X”s are marked.

4.4.4: Inequality Sudoku (90 points)

Rules: Classic Sudoku rules apply. If there is an inequality relation marked between two cells, then the digits placed in the cells should obey the relation.
