

1. Arrow Sudoku

Classic sudoku rules apply. Place a circle at one end of each line – the digit placed in the circle must be the sum of all other digits on the line.

	4						6	
3		8		2		4		1
	6						9	
				4				
	8		5		7		1	
				8				
	7						8	
4		5		9		7		6
	9						4	

2. German Whispers Sudoku

Classic sudoku rules apply. Adjacent digits along each marked line must have a difference of at least 5.

	4		8				6	
3		5				7		8
	2				3		9	
				8				
			9		4			
				3				
	7		3				5	
9		8				3		7
	6				5		4	

3. No Bulb Thermo Sudoku

Classic sudoku rules apply. Digits placed along each line must form a strictly increasing sequence, from one end or the other.

	1						4	
3		9		8		1		2
	5		6		1		7	
		3		5		4		
	4		1		3		8	
		8		4		3		
	8		3		2		1	
6		7		1		8		9
	3						5	

4. Palindrome Sudoku

Classic sudoku rules apply. Digits along each grey line form a palindrome, i.e. they read the same in both directions.

	1		2					
2		3		5		7		
	8				9		1	
1				8		3		
	4						6	
		7		1				9
	7		3				9	
		2		6		1		3
					7		2	

5. Region Sum Lines Sudoku

Classic sudoku rules apply. For each line, digits on the line have an equal sum N within each box it passes through. If a line passes through the same box more than once, each individual segment of such a line within that box sums to N separately.

	9						8	
4				5				6
	7						4	
2				6				8
	1						5	

6. Renban Sudoku

Classic sudoku rules apply. Any grey line must contain a set of distinct, consecutive digits in any order.

	8				9		4	
1		3		5		7		8
	4		8				6	
8				4		6		
	5		6		2		7	
		1		9				4
	1				8		3	
4		2		1		5		6
	7		5				1	

7. Same Parity Lines Sudoku

Classic sudoku rules apply. On each grey line, either all digits are odd or all are even.

	7						5	
2		9		8		1		6
	8				3		2	
				3		5		
	5		9		8		1	
		3		7				
	3		7				8	
4		5		1		3		7
	1						4	

8. Arithmetic Sequences Sudoku

Classic sudoku rules apply. On each grey line, the digits form an arithmetic sequence (i.e. a sequence in which the difference between two consecutive elements is constant), starting at one end and ending at the other.

	3				4			
5				9		1		
			1				6	
		8		4				5
	5		6		9		1	
1				8		2		
	1				8			
		3		1				7
			2				5
